Keep an eye on the club calendar for Firearm Safety Classes and other proficiency classes. Our Club is a supportive environment where people can learn and grow in the shooting sports. That truth has been strongly projected in terms of the various training seminars we made available at the Club. We will be hosting more training events at the club in 2017.

The Club and our members are a great resource that prospective and existing members can call upon to grow and develop their skills. Do you want some help thinking about guns or gear? Need recommendations on group or individual training and lessons? An introduction to the shooting sports? The rifle and pistol committee can help you find answers to your questions and offer advice and recommendations on all things shooting. SKEET, TRAP & 5-Stand

As per the S&T agreement with the club about borrowing funds for the new 5-stand equipment, the second repayment was made in January 2017. They are now halfway through the repayment process and the next payment is scheduled for January/February 2018. This spring, look for 5-Stand to pick up again and new locations of skeet throwers to mix up the shooting and hopefully make it easier..

With spring cleanup coming, S&T is looking for help to: repair and straighten fences, replace rotten wood on skeet houses, trim and cut bushes, misc. painting, fix roof leaks and general cleanup. Please consider helping and earn chits the same time! Contact Gifford Perry if you can help and what you can do. trapandskeet@maynardrodandgunclub.com

S&T is also planning another tournament with Riverside Gun Club on June 10th, and an intramural club shoot in April incorporating skeet, trap and rifle pistol. Look for details coming out very soon.

S&T will be getting another clay order of about 7-10 pallets and will look for volunteers to unload and store cases of clays in the skeet houses and storage container.

This past March we had a company service technician come and service the new Maynard trap machine to get it ready for this year's shooting. It's in great shape and ready for you.

As always, every Sunday at 9:00am, sunny or otherwise, meet for light breakfast and coffee on the Sudbury side of the Club in the Shooters' Den. Steve's Road Kill Cafe serves up good times and busted clays. Open to ALL MRGC members. Local clay pigeon aficionado, Steve Winnick, tames the weather gods while club logo apparel model, Gifford Perry, coaches newbies in the art of bustin' clays. Come on down! For more info, contact Gifford Perry. trapandskeet@maynardrodandgunclub.com

TRAP LEAGUE

For the first time ever, the Club has put three teams into the Greater Lowell Trap League. We now have a team in the B, D and E divisions of the league. The D and E teams both shoot on Tuesday nights, so through the summer, the outdoor ranges will be closed at 6:00 PM while the teams host their matches. With two teams on Tuesdays, one team will be home ever week while the other team travels. The B team will be shooting on Wednesday nights and will alternate between home and away matches. Please see the Club's calendar on the Club website for dates and range closings. Contact trap team chairmen John Mackesy or Ramzi Maalouf for more details at trapleague@maynardrodandgunclub.com

MRGC Club Logo Apparel - Clothing Order Update

Rifle & Pistol Committee

News from the rifle and pistol committee.

Bring it and Ring it.

Many members have asked if they can bring their own steel plates for the rifle range and the answer has always been a resounding NO! The committee is glad to announce a new program that will allow you to bring your own steel targets to the rifle range. You must meet with a committee member who will approve the target and how it must be affixed at the 100 yard backstop, and a record will be kept by both parties documenting this. The steel plate must be the typical AR 500 type steel that is intended for gun range use. Any member who wishes to bring their own steel targets to the rifle range must have specific prior written permission from the rifle and pistol committee. Contact the committee at rifleandpistol@MaynardRodandgunclub.com for full rules and information or to set up a time to have your target approved.

Because Steel!

Are you a new shooter who needs a solid introduction to firearms? Afraid to spend your hard earned money on training because you can't tell a jamoke from a pro? We've got a strong recommendation for you, and we know you'll get the value you need. Check our calendar for courses from the dedicated professionals of Paragon Training. They offer classes that will build the foundation of knowledge and skill required to safely and responsibly handle firearms. If you are more advanced, they've got something that will challenge you. Check them out. <https://www.paragontgroup.com/>

Before you go out and spend all kinds of money on guns, gear and training, remember, the rifle and pistol committee has a wealth of experience and we are eager to advise our members.

Committee member Craig Shomp has been very busy as our GOAL representative. If you want the inside scoop on what's going on with our local gun rights group, or if you need the latest information on colonial reenactment events in our area, contact Craig, he will be very happy to get you up to speed. Thanks Craig.

Committee member Jon Shephard worked hard to get the Mass Wildlife Hunter Safety Education course back to the club, and the club was glad to host. It was a great success for all parties, and the club and the state are already looking forward to the next event. Good Job Jon!

Cleanup weekend is coming and the rifle and pistol committee needs your help. We will be doing much leaf and stone raking and grounds maintenance, and we need you to bring your wheelbarrow, rake, shovel and other general implements of destruction. Aside from the typical landscape duties, there will also be an opportunity for the carpenter types to bang together some target holders, and while we have hammers and saws on-site, it's always good to have a couple of extras.

There will be something for everybody, from the indoor range to the outdoor range and everywhere in between. Give the rifle and pistol committee a shout and let us know which day you might come by.

In case you've noticed the trend, the past couple of newsletters have included a link to a YouTube video that the rifle and pistol committee recommends. This month is no different. Check out this quick video on range etiquette, this is a good one for new shooters as well as the more experienced among us. I especially like the part right before they begin to unpack the firearms, because they make sure the bag is oriented with the muzzles pointed downrange before they even take them out of the bag. We love seeing that.

The action range remains closed to general membership. Law enforcement training activities and special events will continue to occur in the range. The timeline for live fire qualification for the general membership is on schedule for June. Keep an eye out for a status update in May.

The next opportunity to get your Range Officer Status restored is Friday, April 21st at 4:30pm at the indoor range. There will be an opportunity on the 22nd & 23rd at 10am, also at the indoor range. Be there or be square. If you haven't gotten your new card and lanyard, you are not authorized to use any ranges.

Indoor Range Use and Closures

The club's two Pistol Teams and Junior Rifle Program started their respective seasons. Please note that the Club's Pistol Teams will be using the indoor ranges on Wednesday nights from 7:00pm until closing. They do travel and have some weeks off, so please check the Club's calendar before heading over to the Club. If you're interested in joining one of the teams, or for more information on the teams/league, please contact Ramzi Maalouf at pistolleague@maynardrodandgunclub.com

The Junior Rifle Program will be meeting on the indoor range every Thursday night through the winter. The program will hold a practice on the indoor range every Thursday night starting at 7:00pm. Practices should run from 7:00 through closing.

Junior Rifle Program

The Club's Jr Rifle Program wrapped up its 2016-2017 season with a final practice on Thursday night March 30th. Over the course of the season, the team practiced every Thursday night, and competed in four different Central Mass Jr Rifle league matches. They traveled to two, one at the Riverside Gun Club, the other at Harvard Sportsmen's Club and hosted two more at home in Maynard.

The team closed out the season by hosting the Central Mass Jr Rifle League Banquet in the function hall on Saturday April 8th. With 134 attendees, the night was a great success. Congratulations to Chris Thomas who received the team MVP award, Thomas Mackesy who won the Most Improved and Sean Cannistraro who won the Unsung Hero award.

With some new equipment in the works, the team looks forward to its 2017-2018 season to start sometime around November. Enjoy the summer.

GMAIL EMAIL USERS

I have learned that gmail may automatically filter emails into "tabs" (primary inbox, social, and promotional, etc) and some MRGC newsletters may get filtered into "promotional" tab which means members don't always see them until they dig them out of that folder.

A member who uses GMAIL recently found a way to make the MRGC emails arrive in his primary mailbox permanently and thought you might be interested. See below.

I think "option 2" on this web page is the way to go. <https://socialtriggers.com/new-gmail-changes/>
